The revitalizing action of green tea, peppermint and linden restores strength, elasticity and shine. 250 ml.

Usage: Formulated with mild surfactants and a natural cationic conditioner, allowing ease of disentangling. Apply on wet hair, emulsify, rinse with water.

Ingredients: Organic extracts of green tea, linden and organic peppermint vegetable water come together to restore tone, softness and shine to the hair.

Volume Shampoo

Shampoo specially developed for fine hair or lack of volume 99.19% of ingredients of natural origin including 20.03% organic Composed of extracts of organic white ginseng and ORGANIC guarana, Volume shampoo provides support and shaping to the hair from the root. Stimulating, energizing and energizing, it restores the material and sheath fine hair, flat, lack of volume. 250 ml.

Usage: This shampoo contains guarana, which is the richest caffeine plant material known today. It is an excellent hair stimulant that will give back to your hair, vitality and spring. The organic vegetable water of mint will refresh your scalp while the organic essential oil of grapefruit contained in this product will make shine your hair while revitalizing them! Formulated with mild surfactants and a natural cationic conditioner, allowing ease of disentangling. Apply on wet hair, emulsify, rinse with water.

Ingredients: Organic ginseng extract (has an anti-radical action that will slow down the aging speed of the hair), Rich in ginsenosides, trace elements, vitamins, biotin, pantothenic acid, enzymes and phytosterols, ginseng acts as a first-rate conditioner for your hair. Guarana, Mint, Grapefruit.

Phyto Natura Hair Care Series  Beauty & Phyto
Sebum Regulator Shampoo

This shampoo is mainly for oily hair 99.20% of the ingredients are of natural origin of which 20.02% are organic. Formulated with mild surfactants and a natural cationic conditioner, allowing ease of disentangling. Natural and organic fruit acids (AHA) from cane sugar, blueberry, orange, maple and lemon help to exfoliate the scalp and remove excess sebum present. To this must be added a cocktail of organic plant waters of sage, rosemary and peppermint to cleanse the scalp and regulate the production of sebum. Your hair and scalp are purified, light and tonic.

Usage: Haircare sebo-regulating shampoo has been developed to fight effectively against the problem of oily or oily hair. The scalp is cleansed and purified after only a few uses and the excess sebum is regulated. Your hair is light, shiny and toned.

Ingredients: 99.20% of the ingredients are of natural origin of which 20.02% are organic. Natural and organic fruit acids (AHA) from cane sugar, blueberry, orange, maple and lemon. waters of sage, rosemary and peppermint.

Active Lotion Against Hair Loss

98% of the ingredients are of natural origin 0% sulphates 0% paraben, The anti-hair loss treatment Positiv'Hair™ combines a concentrate of vitamins and active ingredients from traditional Chinese medicine, selected for their highly regenerating power. Their combined action restores the natural cycle of the hair, slows down their fall, stimulates their growth, and creates a photo protective shield for your hair and your scalp. This lotion contains water of rosemary flowers and organic immortelle that help purify the scalp by limiting the secretion of sebum that can suffocate hair follicles. In addition, they stimulate microcirculation, which promotes cell growth and regeneration.

Usage: Apply on dry hair, massage the scalp with the fingertips to penetrate the product into the pores, gently brush and leave to dry naturally. Do not shampoo for 8h. For optimum results or in the event of a severe fall, use in combination with the Regenerating Anti-Hair Loss Shampoo and the Anti-Hair Loss Complex (box of 10 ampoules - concentrated formula enriched with vitamins and essential oils).

Ingredients: Silanetriol, Waters of flowers of rosemary and immortelle bio, Ginseng leaves, Burdock leaves, Immortelle essential oil.

Sweet Orange Shower Oil 2 In 1

99.20% of ingredients of natural origin including 41.38% from organic farming, This Wash Oil will wash your body and hair while moisturizing. This real cocktail of precious and vegetable oils have been assembled by us to allow you to take care of yourself, naturally. This washing oil composed of baobab oil will help you improve the softness and suppleness of your skin. Baobab oil is also known for its healing and softening properties to take care of chapped and torn skin. It also contains sweet orange oil known to soothe the skin and boost the growth of new cells. Finally, organic glycerin, obtained from Mahwa and Karanja, will hydrate your skin intensely to repair your skin and take care of it.

Usage: You can use this shower oil like any conventional shower gel, on a daily basis. Suitable for both body and hair.

Ingredients: Vegetable oil of organic baobab, Organic sweet orange essential oil, Organic glycerin.

Scrubbing Jelly

99.20% of the ingredients are of natural origin of which 20.01% are from organic farming. This exfoliating jelly made from blueberry, jojoba and organic cranberry will allow you to exfoliate your skin to remove all the small debris and toxins accumulated on the epidermis. Organic red jojoba seeds are present in this exfoliating jelly to exfoliate mechanically and remove dead skin from the surface of the epidermis, allowing it to breathe. To this must be added the bilberry water rich in fruit acids that allow to exfoliate the skin even more deeply, removing all the toxins to purify the epidermis. In addition to purifying the epidermis of all these debris and toxins, organic cranberry water comes to bring its powerful antioxidant action to rid the skin of its free radicals, responsible for aging cells.

Usage: This exfoliating jelly is to be used once a week to obtain visible results. Moisten your skin then apply the product in circular light movements. Insist on the areas of the epidermis that you want to soften. The jelly can be used every day during a cure to increase the brightness of your face or up to 2 times a week for the face and the body in maintenance.

Ingredients: Organic red jojoba balls, Extrait de myrtille bio riche en AHA (acide de fruit), Organic cranberry

Balancing Purifying Foam

Balancing Purifying Face Mousse cleans, purifies and soothes all skin types. This foam made of natural active ingredients, matifies the complexion and also prevents the appearance of unsightly spots. Finally, it illuminates the skin by boosting the radiance & balancing acne-prone skin by regulating excess sebum. The organic white mulberry reduces the production of melanin and therefore reduce the stains on your skin, while the bearberry will brighten your complexion with the arbutin it contains. The blend of blueberry, sugarcane, maple, orange and lemon forms a gentle skin exfoliator for you to reactivate the process of cell renewal of your face and remove dead skin.

Usage: Put about 3 to 4 squeezes in your hand then apply on all the skin of your face. Massage gently and rinse with lukewarm water. Dab your face gently with a towel to dry your face.

Ingredients: White mulberry, Cucumber, Bearberry, Lemon, Mint, Aloe vera, AHA blend of blueberry, sugar cane, maple, orange & lemon, 0% phenoxyethanol, 0% silicone, 0% paraben

Beauty & Phyto

Phyto Natura Hair Care Series

Anti Dandruff Shampoo

99.19% of ingredients of natural origin including 20.02% organic. This high-performance Anti-dandruff shampoo combines Zinc PCA with essential oils to effectively fight against itching and hair disorders. Formulated with mild surfactants like sucrose laurate, this shampoo respects your hair. A natural cationic conditioner makes it easy to untangle and style your hair. This anti-dandruff shampoo has both an action against dandruff but also a regenerating and toning action for your hair. The organic centella asiatica, a plant from the Chinese pharmacopoeia, soothes the scalp, promotes microcirculation and regenerates cells. Your hair regains its balance and becomes soft and light again. Organic tea tree, juniper and bay laurel essential oils combine to form a powerful anti-infective, antiseptic and anti-fungal cocktail to fight against the proliferation of dandruff. The PCA zinc present in the product has a sebo-regulating action to reduce excess oil on the scalp. Without quaternary ammonium, without sulfates, parabens and silicones.

Usage: Apply on wet hair, emulsify, rinse with water.

Ingredients: Zinc PCA, sucrose laurate, Centella Asiatica bio, from the Chinese Pharmacopoeia, Organic essential oils of tea tree, juniper and laurel.

Regenerating Body Milk

Regenerating Milk moisturizes instantly and lastingly all epidermis. This treatment is a must for skin damaged, dry or lack of comfort. Made with more than 99% natural ingredients including 17% organic, this moisturizing milk will allow you to take care of yourself naturally. ody MILK moisturizes instantly & lastingly ALL skin types. Made of natural sea extracts, it fixes moisture in skin upper layers, restores the hydrolipidic film & improves epidermis ability to retain water. Natural marine active ingredients are there to allow your skin to retain moisture to restructure the hydrolipidic film that protects the skin. The organic vegetable oils of rosehip, shea and baobab will take care of your dry skin and make it soft and elastic. Skin regains vitality, elasticity and comfort, in a few minutes only.

Usage: Apply as soon as the skin feels the need. Non-fat milk. Warning: Do not use on pregnant or lactating women. Do not expose to the sun directly after application.

Ingredients: Marine assets of natural origin, Organic immortelle water, Baobab, Rosehip, Shea, 0% phenoxyenthanol, 0% silicone, 0% parabens.
