Nawa JavaLyte Capsules

For fit and healthy body

To maintain healthy kidney and getting rid of extra fluids

Pure Herbal Extract

Description:

This is a remarkable formula developed from one of the most famous research-proven medicinal herbs in South East Asia. It is a result of extensive research for ten years. The herbal formula is widely used in community to treat different disorders mainly gout (through reducing uric acid in urinary system), kidney stone and for sugar balancing in diabetic patient.

Presentation:

Orthosiphon stamineus extract.....400mg

Uses :

Orthosiphon stamineus, the main constituents of jaundyte capsules, known for the following properties and uses :

1. Get rid of extra fluids through its diuretic effect (European Medicine Agency Report)
2. Maintain normal uric acid level in urine as an important step to manage gout
3. Maintain the kidney form insults specially the recurrence of kidney stone formation.
4. Potent anti-oxidant agent which help to fight diseases development and keep health body and strong circulation.

Dosage and administration:

Take one/two capsule twice a day (one hour before or after meal).

Note:

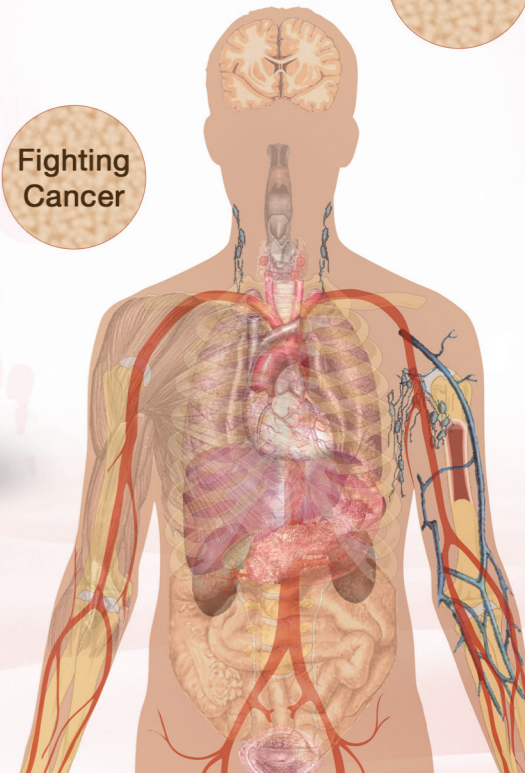

Safety during pregnancy and lactation has not been established. In the absence of sufficient data the use during pregnancy and lactation is not recommended.
